

TWO DRAINAGE CULVERTS READY

Twenty Monolithic Concrete Culverts To Be Put in on Upper Valley Road.

Two of the 20 monolithic concrete culverts that will drain flood waters along the 16 mile concrete section of the upper valley road, the country road to the New Mexico state line, have been completed under the direction of county engineer Charles S. Henning near the Borderland inn. The remaining 18 culverts will be formed as fast as the new road surface is laid. The concrete section of the road is to begin at the Santa Fe railway crossing, just north-west of the cement plant, and its end will be at Anthony, N. M.

Reinforced Concrete Culverts. The plans for the culverts call for solid reinforced concrete construction of both sections to be imbedded in the ground and the superstructures. The waterways will be built like open boxes, with openings of from 16 to 48 square feet of waterway. Exclusive of the cement road cap, each culvert will have a roadway of 24 feet in width, the length being whatever is necessary to span the water course. At each side a parapet will be built up three feet, the inside to be smooth and solid so that no vehicle hubs or wheel tires will find a catching place. The ends of the parapets will be treated with white cement to make the lines of the road clearly visible to travelers day and night. After the culverts are formed the cement road slabs will be laid 18 feet from side to side, with shoulders on either side of three feet of gravel. Specifications for the road cap call for slabs of 30 feet length, to be seven inches thick at the crown and five inches at the shoulders. A strip of elastic fibrous board treated with bitumen will be placed between the joints of the concrete slabs to compensate their expansion and contraction.

Work Progressing Well. Work is progressing favorably on the concrete road in the vicinity of the Borderland inn, county engineer Henning said Tuesday. A big camp of workmen has been established between the inn and Camargo. Contractor Lee Moore has, all told, about 300 men at work. He expects to have the road in operation in a few days, when laying of the slabs will move faster.

TWO MOTOR AMBULANCES SENT TO COLUMBUS OVERLAND. Two of the big motor ambulances which the base hospital at Fort Bliss has received from the hospital headquarters in Washington, were sent to Columbus, N. M., Tuesday morning. The ambulances were sent to the border under their own power and were accompanied by hospital corps men.

MAGNESIA FOR DYSPEPTICS

Why Physicians Prefer It to Drugs. Only those in constant touch with sufferers from indigestion and dyspepsia can fully realize the harm done by the improper use of drugs and artificial digestants. "I remarked a well known New York physician recently. Personally I rarely advocate the use of drugs in the treatment of digestive or stomach troubles, for in practically every instance I have proved the underlying cause to be excessive acidity of the stomach and consequent fermentation or souring of the food contents."

"Therefore in place of the once widely used drugs I invariably recommend the use of bismuthated magnesia to neutralize the stomach acidity and stop the food fermenting, and the wonderful results I have obtained during the past three years convince me there is no other treatment for indigestion, dyspepsia, etc. It must, of course, be clearly understood that I do not employ or advise the use of such forms of magnesia as chlorates, acetates, carbonates, sulphates, etc. These might often do more harm than good, nothing but pure bismuthated magnesia should be used to neutralize an acid stomach. This is not at all difficult to obtain—in fact, I find that most druggists now have the genuine bismuthated magnesia in tablet form in addition to the ordinary bismuthated powder. A teaspoonful of the powder or two compressed tablets taken with a little water after meals will usually be found quite sufficient to instantly neutralize the acidity and prevent food fermentation, thereby insuring painless natural digestion for even chronic sufferers."—Adv.

NEW APARTMENT TO COST \$22,000

Mrs. Jesse Hammer Has Work Started on Building on Texas Street.

Monday afternoon work was started on a new, two-story brick apartment house at Texas and Alameda streets by the firm of Beaudette & Cropper. The new apartment house is being constructed for Mrs. Jesse Hammer, and will cost approximately \$22,000. It will be of red pressed brick, and will occupy nearly half a block, fronting on Texas street, although the entrances will also be constructed on Alameda avenue.

The new apartment will be completed within four months, and will consist of three and four room apartments.

DETAILS AND ASSIGNMENTS IN AVIATION CORPS GIVEN

Army orders have been issued directing that several lieutenants be assigned to duty in the aviation corps. The assignments are as follows: First Lieut. H. A. Schwaab, coast artillery corps, will proceed to Fort Warren, Mass., for duty, coast defenses of Boston. Capt. Nelson G. Gage, medical corps, will report to Col. Chas. Richard, medical corps, Governors Island, N. Y., for examination to determine his fitness for promotion. Leaves of absence: Capt. Alfred H. H. Walker, 12th cavalry, extended 15 days. First Lieut. Corbin Parker, field artillery, is relieved with the organized militia and will proceed after July 1 to Brownsville for duty as aide de camp on the staff of Brig. Gen. James Parker. Orders of May 4 directing Maj. R. B. Miller, medical corps, to sail for the Philippines about September 1, are revoked. Capt. A. S. Cowan, signal corps, is relieved from duty at signal corps aviation school, San Diego, effective October 1, and is assigned to the Philippines for assignment.

First Lieut. H. A. Dargue, signal corps aviation officer, is relieved from duty with First Aero squadron, and will proceed to San Diego, Cal., for duty. First Lieut. B. Q. Jones, aviation officer, signal corps, is relieved from duty, is relieved from duty at signal corps aviation school, San Diego, effective October 1, and is assigned to the Philippines for assignment.

CONTRACT LET FOR 1520 LOCKERS FOR HIGH SCHOOL

A contract was awarded by the board of trustees of the El Paso schools Monday afternoon to Durand & Co., of Chicago, for 1520 lockers for the new high school building. The lockers purchased are of two sizes, three feet and five feet in height, are for individual use of students in carrying for their clothing and personal effects and are of steel construction. George S. Thomson represented the Chicago firm in accepting the order. The total cost of the lockers will be approximately \$3800. The three-foot single lockers cost, with tumblers and keys, \$2.15 each, while the five-foot size cost \$3.20 with similar equipment. Those lockers to be installed back to back will cost less. The gymnasium lockers will be the most expensive. The trustees present at the meeting, which was held at the Bailey school, were E. M. Whitaker, president; S. J. Freudenthal, secretary; A. M. Hawley, W. D. Mayfield, Charles B. Stevens and J. C. Worthington. Supt. Richard J. Tighe attended.

FIVE BOYS OF COMPANY K BROUGHT TO BASE HOSPITAL

Five members of company K, Texas national guard, were brought to the base hospital Monday afternoon suffering from minor ailments. The new recruits at the hospital are: N. V. Greenwood, Barron Vaughn, Walter E. Jones, William C. McArthur, Roscoe V. Everidge.

The men were sent in from the Big Bend district and are expected to be discharged this week.

SCHOOL AUDITOR ILL.

City school auditor P. E. Sawyer, who was reported to be ill Monday and likely to have to undergo a surgical operation, was much improved Tuesday, according to word received from his residence, at 410 Montana.

NEWS NOTES from MOVIELAND

67 DAISY DEAN

THE Annette Kellerman picture, which cost \$1,000,000 and took six months to produce, is going to be released before many weeks. The Fox publicity man speaks of the picture in the following eloquent words:

"The effect that this picture will create in your mind will be a multiplication of the wonderful pictures you would rather in an evening of reading the more imaginative scenes and descriptions of Pierre Loti, Burton's Arabian Nights and the atmospheric beauties of the master word painter of a newer generation—Robert Lichner, a scholar of 'The Garden of Allah,' 'Barbaric Sheeps,' 'The Call of the Blood' and many other equally tense descriptive novels."

"Influenced by none of these stories directly, Herbert Brenon, with his remarkable capacity for depicting the unusual and the beautiful, nevertheless has created in his own mind a story embracing the more entrancing and memorable beauties of those that have been enumerated."

DO YOU KNOW THAT:

Alice Brady was tutored for a social life—and went on the stage against her father's wishes? Thomas A. Edison is working on a new and more satisfactory camera? Mary Miles Minter has been 14 years old for five years? And that her real name is Juliet Shelby and she was a stage player at the age of 12?

Lorna Volare is the youngest actress in the world? John Ince made a picture, "The Cowardly Way," with 200 double exposures?

Anna Pennington, Ziegfeld dancer, soon to be a famous player star, says she knows more about Dickens than about Broadway, and that her favorite novel is "David Copperfield." However, it wasn't art that induced her to act for the movies. When asked what led her to take this new career she said, "I needed a new car."

Stuart Holmes, gifted villain, is to do his worst, according to the promise of the producers when Theda Bara starred in the famous "East Lynne."

DAILY RECORD

Building Permits.

To Beaudette and Cropper to build an apartment house at Texas and Alameda; estimated cost \$22,000.

To the West Texas Fuel company, to build an addition on Magoffin avenue; estimated cost \$4000.

Tenant collections see Lee Newman, Adv.

Annette Kellerman as she will appear in new picture.

One million dollars was spent by William Fox on his great new Kellerman play, which is to be released this summer. The famous Annette is of course the central figure in the great spectacle and here's how she'll look.

BUSINESS BOOMING S. P. HEAD SAYS

"Business conditions throughout the country are excellent," said William Spruille, president of the Southern Pacific company. "Everything seems to be booming and there is prosperity everywhere."

Mr. Spruille reached El Paso Monday evening, en route to San Francisco, after a business visit in New York. He said that he was simply returning home.

"We stopped for a little while in Philadelphia, Atlanta, New Orleans and San Antonio," he said. "I am always glad to get back into this part of the country. We feel that here we are among friends."

The party left for the west Tuesday morning on a special train. The business car "Berkeley" was attached to No. 2 Monday evening and was occupied by Mr. Spruille, H. V. Platt, assistant general manager, at Los Angeles, and T. H. Williams, division superintendent, at Tucson, arrived from the west Monday afternoon and accompanied Mr. Spruille on the special train.

The party will make daylight runs over the greater part of the system between El Paso and San Francisco. Messrs. Platt and Williams were traveling in business cars "Miraflores" and "Tucson."

"Now" For Everything. "Now" will remove grease, pitch, paint, dirt or fruit stains from the hands with or without the use of water. For shaving it is the only soap that will absolutely soften the beard and leaves a pleasant feeling to the face. As a tooth-wash, shampoo or antiseptic "Now" is unsurpassed. In fact there is nothing "Now" can't do. So get on to "Now" right now and order a can from your Grocer or Auto Supply Dealer. Ryan's Drug Stores also carry "Now."—Adv.
